

REZN8 & 'BAYWATCH' CREATOR MICHAEL BERK PRODUCING 3D EXTREME SPORTS COMEDY 'GONZOS 3 DOUBLE D'

StereoVision Entertainment Inc. (OTC:SVSN) announced today that their wholly owned subsidiary, the 9 time Emmy Award winning 3D production company REZN8 is producing their extreme sports comedy feature Gonzos 3 Double D.

"Baywatch" Creator Michael Berk is the perfect writer/producer for 'Gonzos 3 Double D', and we feel quite fortunate to be partnering with him on this fun film" said StereoVision's CEO Jack Honour. "Directing is REZN8's CCO Harvey Lowry. Harvey's lead several Academy Award and Emmy Award winning teams of filmmakers on a variety of major motion pictures including 'Collateral' with Tom Cruise, and Brad Pitt's 'The Curious Case of Benjamin Button' so we're thrilled to have him bringing that big picture feel to our small budget extreme sports 3D action comedy."

"Product placement dollars are huge these days," Honour continued. "Heineken paid \$45mil for James Bond to drink a Heineken in 'Skyfall'. The mind captures 3D images 85% better than 2D images and advertisers are getting it. 'Gonzos 3 Double D' is an innovative 3D product integration platform from the original innovator of product integration, Michael Berk. Though the production budget is small at \$4.96mil, we believe with the many revenue streams including product placement/integration, government incentives, foreign/domestic distribution, DVD sales, broadcast, cable, and pay per view TV, and merchandising, there isn't a film on our slate that has a better ROI potential than 'Gonzos 3 Double D'."

Following recent guidance from the SEC qualifying the general solicitation of investors as provided for in the recently enacted Jobs Act, StereoVision formed a Nevada subsidiary, G3DD LLC, for the 'Gonzos 3 Double D' film project. CPA Glenn Kirk has been named G3DD LLC's General Manager. Institutional and private accredited investor membership interests are available. For more details contact info@stereovision.com or 818-326-6018."

REZN8 (<http://rezn8.com>) A StereoVision wholly owned subsidiary.
